Aquachem Industries Private Limited

<http://www.aquachempipefitting.com/>

We manufacture, supply and export a diverse range of high quality Pipe Fittings. Widely acclaimed for durability abrasion resistance and dimensional accuracy, our pipe fittings are much demanded in the construction and engineering industries.

Profile

We, **Aquachem Industries Private Limited**, commenced our operations in the year **2010**, as a manufacturer, supplier and exporter of an impeccable range of UPVC Pipe, Fittings and Adhesive. The highly acclaimed range of fittings made available by us comprises of UPVC Pipes, UPVC Pipe Fittings and UPVC Ball Valves. These pipe fittings provided by us are highly preferred among our patrons owing to their durability, sturdiness and dimensional accuracy. Offered fittings are manufactured using the best quality raw materials that are available in the market.

Backed by a state-of-the-art infrastructural facility, which is equipped with the machinery, equipment and instruments that are based on advanced technology, we boast of a streamlined production process to manufacture an optimum range of pipe fittings. For hassle-free operations, our facility is divided into a number of units, which are supervised by a team of trained and qualified employees. Our team works in harmony to achieve the varied organizational objectives and goals. These fittings are further checked thoroughly by our team of quality controllers on various stringent parameters. Further, our ethical working habits and compliance with the industrial norms have helped us grow our client base. We exports our products are **all over the world**.

Under the supervision of our director, **Mr. Nilesh Jivani**, we have made a remarkable name in just a few years of our existence. His knowledge of the domain and invaluable guidance help us in our endeavorsto touch new heights of success. In addition, he shows keen interest in developing the employees technically and intellectually.
